## Admissions Committee Thank You's!

This year our Admissions Committee joined forces for an eight hour meeting on Saturday, January 8 to select Birthingway's matriculating class of 2011.

For the Admissions Committee, the past two months have been filled with hours upon hours of reading applications and a number of interviews. This dedicated group of students and staff made the selection process possible. We cannot thank this enthusiastic group of women enough.

A wholehearted thank you goes out to first year students, **Katrina Bubas-Stevens, Micki Garcia, Susannah Wright, Tara Kolberg, Cortney Holmes, and Dana Comperchio.**

Thank you to second year student, **Catherine Bailey** and third year students, **Sarah Heany, Maura Jansen, and Terra Senter**, as well as extension student **Danielle Kitt**. We would like to announce a special thank you to extension student **Dionne Frey**, who went above and beyond to help Rhonda organize the admissions files. Finally, we would like to thank staff members, **Stacey Marshall, Sadie Eck, Holly Scholles, Rhonda Ray, Dawn Baker, and Julia Reid.**

Without each and every one of you, our admissions process would not be possible.

We recently invited 16 of the applicants to join our Midwifery Program. We will announce the new matriculating class in the upcoming summer newsletter.

## Poem

Stand strong  
Bend with the wind  
Live life's beauty  
Follow your dream

Feel with your ears  
Listen with your heart  
Touch with your eyes  
See with your hands

The universe revealed  
In the newborns eyes  
Blessed be she  
Who is named midwife

**Melissa Maureen**  
(third year student)

## Specialized Program News

### Portland State University (PSU) Capstone Project

In our previous newsletter, we announced the joint effort made by eager PSU students and Birthingway to expand our Breastfeeding Center. We are happy to announce that Birthingway continues to work with a PSU Capstone Class, taught by Birthingway Certified Labor Doula **Carrie Cohen**, to develop outreach materials for our Breastfeeding Center.

The fall class developed beautiful print materials and created a survey to help us determine specific breastfeeding needs in our community. The winter term class is going to finalize the outreach materials and submit and tally the survey results, among other things. The PSU students are enthusiastic about our work and have been surprised by how much more aware of the importance of breastfeeding they have become. We are all so thrilled by this wonderful partnership.

### Breastfeeding Clinic

Do you know a pregnant mom that wants to breastfeed or is currently breastfeeding?

Great news! We are now offering a 2-hour BREASTFEEDING CLASS for mamas interested in a seminar-based class. Come join us the third Tuesday of every month from 1pm – 3pm at Birthingway's

## Donation Thank Yous

We are excited to announce that the Birthingway community donated to the **Truckload of Coats** cause. Birthingway, and many other organizations collected warm coats, clothing and baby supplies for Portland's homeless population who are having to brave the elements without the supplies they so desperately need. Thank you to everyone in the Birthingway community who brought in supplies.

A special thank you goes out to **Karla Nussbaum** who donated both Breastfeeding Clinical Instructor time, and a number of books.

We are so thankful for our regular donors, **Anne Frye** and **Nursing Mothers Counsel**. Anne recently donated a DVD/VCR player and Nursing Mothers Counsel donated the book **Breastfeeding and Infant Health Outcomes in Developed Countries**.

We would also like to thank our Librarian, **Kathryn Constant**, for donating a large amount of herbs in December.

Finally, we would like to thank community member **Amber Zietz** for donating an overwhelming

number of midwifery supplies that will end up being extremely useful to our students.

Thank you all for donating these items to Birthingway! By donating, you help us to provide a quality education for students in all of our programs while keeping tuition as low as possible. Thank you!
